## About us:

First Network is one of the UK's leading AV production and hire companies. Established in 1992 and based in West London, we have built a reputation in the market for customer service, creativity, reliability and one of the most up to date AV equipment inventories in our industry.

## What we offer:

- Event Management
- Technical Production
- Equipment Rental & Support
- Graphic Creation
- Set and Stage Design & Build

## Event Management

No matter how big or small your event maybe, our professional yet personable approach, combined with technical expertise and creativity, ensures you achieve success.

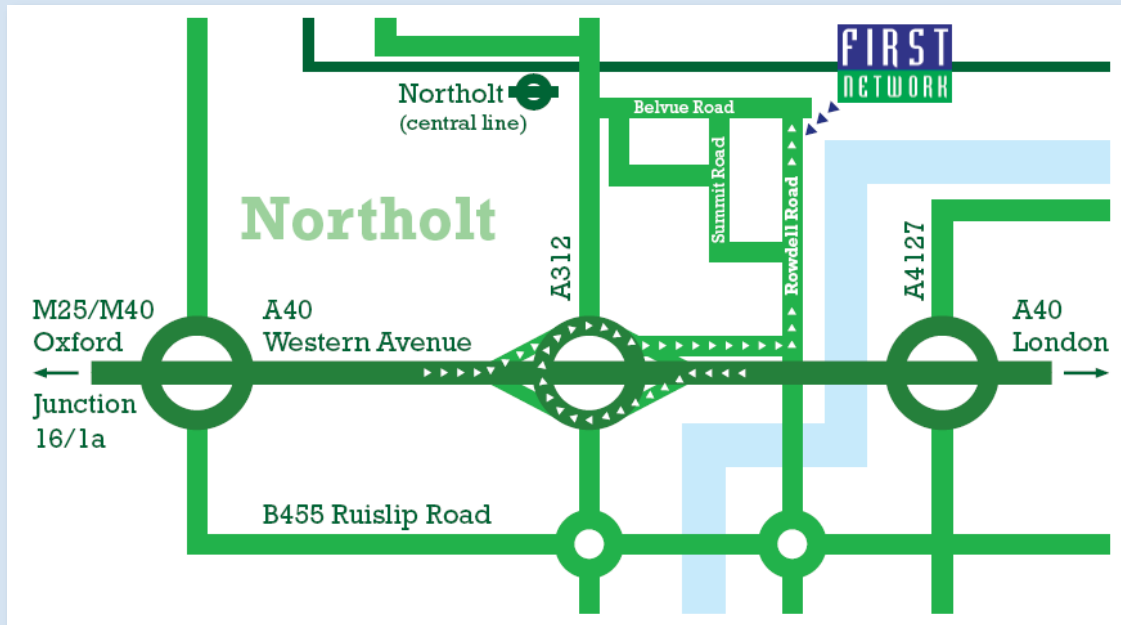

Having the latest in AV technology in house gives us the ability to create unique events tailored to meet your requirements. Available for use along side our production services or to hire.

- Video Displays & Processing
- Audio
- Lighting
- Computer & IT
- Stage and set
- Camera, Record & Playback
